

# GAMMA MARK MARKING SYSTEMS

## Gamma Mark™ One

- PC Operated
- User Friendly
- Desktop Model
- 203 DPI / 2" Per Second
- High Quality Crisp Marks
- Printing Software Included
- Compatible with MARK™-321 Markers

## MARK™-321 - Heat Shrinkable Identification Markers

- Light Weight Marker supplied in a Ladder Format for Easy Marking and Easy Installation
- Markers are Compatible with Wintotal™ Software and TYCO printing machines
- Drop in Replacement for TMS and RPS Heat Shrinkable Labels
- Fluid Resistant Including JP-8 Jet Fuel & Hydraulic Fluid
- Compatible with Gamma Mark™ One and Gamma Mark™ Two
- Meets Stringent Mark Performance of MIL-M-81531
- Material Meets Milspec AMS-DTL-23053/5 CL1&3
- Permanent Identification Sleeve
- UL and CSA Approved
- -55°C to 135°C

## Gamma Mark™ Wire Marking Systems

### Gamma Mark™ Two

- User Friendly
- PC Operated
- Industrial Model
- 300 DPI / 8" Per Second
- High Quality Crisp Marks
- Printing Software Included
- Compatible with MARK™-321 Markers
