

The Accurate and Versatile One

The GAMMA-MARK III PLUS is a top of the line robust 24-hour heavy duty cycle, industrial thermal transfer printer, specially designed for high volume printing on Gamma's FLT shrink tubing. Once you use the preferred combination of the GAMMA-MARK III, GMT-321-FLT heat shrink marking tube, and Gamma ribbons you will never go back to a competitor's equipment or product. If you are looking for a machine with extra power, precision marks, and a long life, go no further.

Compatible With:

- GAMMA-GMT-321-FLT
- MARK-321

Benefits

- No adjustment of the plungers is needed. Width-adapted print rollers are provided for slim materials
- Pulls shrink tube directly off roll and cuts or perforates material
- PC Compatibility: Windows 7, 8, 10
- Controllable processing speed to achieve best prints
- Shrink Tube Sizes: (1/16", 3/32", 1/8", 3/16", 1/4", 3/8", 1/2", 3/4", 1", 1.5", 2.25", 2.5")

Print Performance

Print speed: Up to 11 inches/second
Print width: 1/16" ID tubes to 2.5" tubes
Printable resolution dpi: 300 DPI standard, (600 DPI also available)

Technical Specs

Center material feed
Power supply: 100 – 240 VAC ~ 50/60 Hz, PFC
Printer Size: 9.92 (W) x 11.34 (H) x 18.11 (D) inches
Weight 10 kG
USB, ethernet or wireless interface options

Standard Ribbon Sizes

GR-330-1-0 Black (1" core 2.34" wide by 984')
G-RIBBON-1-9 White (1" core 2.34" wide by 984')

Colors Available

White, Black, Gold, Silver, Red, Blue, Orange, Green and Yellow.
